About Christianne's Lyceum of Literature and Art

Christianne's Lyceum is a centre that celebrates literature and art and puts it at the centre of family and community life. Through programs that emphasize making connections between literature and what's going on in the outside world, the Lyceum encourages young people to see themselves as readers, writers and artists, as they engage with abstract ideas and reflect on their own place in society. Armed with these experiences, students begin to seek possibility and explore ways that they can use their voices and actions to participate in their communities.

The Lyceum is a cozy living room, a specialized library, a well-equipped art studio and a whimsical art gallery bound up in one. It's a place that brings together writers, illustrators, educators and families to share diverse ways of making meaning, different schools of thought, and the richness of story in its many forms.

The Lyceum is on the unceded traditional territory of the Coast Salish people, including the Musqueam, Squamish, and Tsleil-Waututh First Nations.

Participants will engage in a vocabulary game, discussion and craft activity inspired by the chosen book. Christianne will end the session by sharing a relevant story with the group. This is a wonderful way to share your love of literature with your child.

Preschool Literature and Art Ages 3-5

Using the best in children's literature as its starting point, Preschool Literature and Art encourages children to ask questions, make connections and think deeply about the world around them.

Students will interpret our investigations through visual art, creating pieces that deepen their unique understanding of the concepts we're studying. In the spirit of Reggio Emilia, staff will send home daily documentation of class discussions and activities. We also use these documents as tools to help us tailor our investigations to the passions and questions of our learning community.

Provocations will be given to help our young writers engage with words in many ways -- by writing them, by drawing them, by speaking them aloud -- all with the purpose of introducing children to the magic of writing! This class is suitable for children at any stage, from those who are brand new to letters to those who are already writing sentences.
